## Shipping Container Storage Application

Clause 3.9

7. Any damage to Council property caused by the placement or removal of the Shipping Container, including pavement, nature strip and services, is to be reinstated by the permit holder. If reinstatement is not completed, works will be undertaken by the Council at the permit holder's expense.
8. The Container must not obstruct motorists' vision or line of sight at intersections. Pits, valve covers, and hydrants must remain accessible
9. This permit is not transferable. If the shipping container is intended to move to another address or location, please contact the relevant Council.

**Failure to comply with any of these conditions may result in the permit being revoked, the container removed and further enforcement action taken.**

**Please note** when approving shipping containers, Council assesses any potential source of neighbourhood disputes, accordingly, Council encourages owners to ensure that the Shipping Container is 20m from the property boundary, as it may be considered unsightly or a place that may harbour pests.

**CONTAINER MUST NOT BE PLACED UNTIL PAYMENT HAS BEEN MADE AND PERMIT HAS BEEN ISSUED**
