8.7 PLANNING APPLICATION 133/18 – USE AND DEVELOPMENT OF A PROMOTION SIGN AT 4189 PYRENEES HIGHWAY, FLAGSTAFF

The purpose of this report is for Council to consider a planning permit application for the use and development of a promotion sign at 4189 Pyrenees Highway, Flagstaff which has been received. The definition of a 'Promotion Sign' in the Central Goldfields Planning Scheme is:

A sign of less than 18sqm that promotes goods, services, an event or any other matter, whether or not provided, undertaken or sold or for hire on the land or in the building on which the sign is sited

Public notice of the application has resulted in five written objections.

The application has been assessed against the policy and specific controls of the planning scheme and it is considered that the proposed sign is excessive in size and is incompatible with the rural landscape character of the area.

The applicant lodged a failure to determine appeal at VCAT.

Council Resolution

That council advise VCAT that it would have refused the application for Planning Permit Application 133/18 for development of a promotion sign at 4189 Pyrenees Highway, Flagstaff on the following grounds:

- 1. The sign would adversely impact the rural landscape character of the location as an entrance to a local settlement or urban village, which is outlined in local policy.*
- 2. The sign is excessive in scale to its surroundings and is not sympathetic to the rural setting or urban village character that provides a welcoming entrance to the local settlement of Flagstaff.*
- 3. The sign would be a dominant element in the existing rural area and in the streetscape which is an entrance to the local settlement of Flagstaff and a significant approach to the larger towns of Maryborough and Carisbrook.*
- 4. The sign would have an impact on driver attention and traffic safety given the location adjacent the intersection of Madmans Lane with the Pyrenees Highway.*
