

## LAND CAPABILITY ASSESSMENT ONSITE DOMESTIC WASTEWATER MANAGEMENT

Updated: June 2014

The following listing of Land Capability Assessors is provided for the convenience of developers, land owners and prospective land owners.

Each Consultant listed below has indicated that they are suitably qualified and experienced to be able to conduct Land Capability Assessments in accordance with the requirements of the Code of Practice Onsite Wastewater Management (EPA Publication 891.3) and Land Capability Assessment for Onsite Domestic Wastewater Management (EPA Publication 746.1).

Central Goldfields Shire Council does not recommend any of the Consultants in preference over another nor guarantee that the quality of work provided will necessarily be satisfactory. Central Goldfields Shire Council will not be held responsible for any issues that may arise due to an inadequate Land Capability Assessment being prepared, or any costs (financial or other) that may be incurred during the Land Capability Assessment process.

If you have any queries about the Land Capability Assessment and the Onsite Domestic Wastewater Application processes, please contact Environmental Health at Central Goldfields Shire Council on 5461 0647.

Further information can also be obtained from the EPA Victoria website at [www.epa.vic.gov.au](http://www.epa.vic.gov.au).

NB. There are other Consultants, not specifically listed below who may be able to prepare a Land Capability Assessment that may be acceptable to us. Applicants are welcome to pursue other consultants not specifically listed below which may be found in the yellow pages (soil testing and investigations).
