

## WASTE COLLECTION PROCEDURES

The Energy Breakthrough is a unique education, science, technology, and environment event held over 5 days in November in Maryborough annually. The event commenced in 1991, and has been conducted at the Princes Park Precinct, Maryborough every year since.

The event attracts more than 6000 participants in the various events conducted across the Princes Park Precinct. Most participants camp on four camping areas. For further information regarding the event please visit the Energy Breakthrough website at [www.eb.org.au](http://www.eb.org.au). Please refer to “The Event” tab on the front page of the official website as a specific resource in understanding event logistics and dynamics.

The Energy Breakthrough Committee is seeking Expressions of Interest for the Waste Collection across the Princes Park event site.

***The specification for these services is listed below:***

### **Dates required:**

Wednesday 16 – Sunday 20 November 2022
