CENTRAL GOLDFIELDS RESERVOIR NATURE PLAYGROUND

In 2019 the 1.7km Goldfields Reservoir track was upgraded and the 5km Parkrun activity commenced Saturday mornings.

Stage 1 of the new playground was completed April 2020. Rocks and logs were re-purposed to make this creative new space. The fence has remained due to it being classified a playground and therefore not to be used due to current COVID-19 restrictions. Stage 2 will include more challenging climbing for older children.

MARYBOROUGH COMMUNITY HOUSE BBQ AND SHADE SAILS

At Maryborough Community House a new BBQ has been installed for community use. Shade sails above the seating area and the playground equipment have been added to protect people from the sun. Additional playground equipment will be installed in 2020.

In 2019 the house was funded to continue to develop the Kitchen Garden for people to learn to grow produce to be used for cooking programs and to learn new skills.

GORDON GARDENS DUNOLLY BASKETBALL COURT

The Gordon Gardens Dunolly basketball court was completed in April 2020 in place of one of the original tennis courts. A new tennis court was also installed by Council.

A Facebook group Active Dunolly has been created to connect residents through physical activity and exercise.

A pumptrack and outdoor fitness equipment with shade will be installed in 2020.
