

WELCOME!

This week we welcomed our new CEO, Peter Harriott.

From Bendigo, Peter takes over the reins with extensive Victorian local government experience and knowledge, having worked in the sector for the past 30 years.

His appointment marks the beginning of an exciting new chapter for our organisation.

We extend our gratitude to Sally Jones for her contribution, support and guidance during her time as Interim CEO.

SHRINK YOUR BILLS

Learn how insulation can improve the comfort of your home and shrink your power bills, plus dispel the myths and insulate for maximum impact.

Join this free lunch'n'learn online session from 12.30pm to 1.15pm on Monday 7 July. There will also be a live screening at the Talbot Town Hall.

Another lunch'n'learn online session introducing hot water heat pumps will be held on Tuesday 22 July from 12.30pm and screened live at Mill House, Maryborough.

These fascinating devices work the same way as your fridge – but in reverse to heat your household water.

TOILETS FOR DISABLED

The accessible toilet in the Phillips Gardens facilities block was closed last month following a vandal attack. Due to the extent of the damage, our Facilities and Maintenance crew decided to refurbish rather than patch up. The work commenced on Tuesday and is expected to take a few weeks.

Accessible toilets are available at the Maryborough Resource Centre, or at Clarendon Street opposite the Court House.

Male and Female facilities at Phillips Gardens remain open.

YOUR HEALTH: OUR REGION

The Active Living Census closes this Sunday, but there's still time to have your say and win prizes.

You can start the Census right now by visiting: www.engage.cgoldshire.vic.gov.au/activelivingcensus

GREENING OUR FUTURE

We know that the move to electric vehicles (EVs) is moving fast with plenty of people use our EV charging station outside the Community Hub in Maryborough.

But what about all of the many machines we operate out of our Council Depot?

Road graders, tractors, brush-cutters, lawnmowers, gutter cleaners, water tankers, diggers - the list goes on!

This week our Parks and Open Spaces team took a look at a battery-powered ride-on mower, to assess its performance in comparison to the many "fossil fueled" units we currently use.

There's a plan to take one on board to test properly later in the year, and the idea looks promising. Watch this space!

FUTURE PROSPECTS

Playing with puppies and kittens is Jade's reward for the hard work of daily cleaning out of cages at our pound.

It's all part of the job when working with our Local Laws team who manage our animal pounds, parking, school crossings, and a host of other tasks through the week.

Jade chose Local Laws because she'd like to join the Victoria Police Canine Unit after she finishes year 12.

Year 10 students from Maryborough Education Centre and Highview College have been with us for work experience across the many roles in Council providing services to our local community.
