

FLOOD WORKS COMPLETION

The October 2022 floods caused \$9.8 million damage to infrastructure and property throughout our municipality.

Whilst most repairs have been carried out, the Victorian Government recently approved the sixth and final stage of our flood recovery upgrade program.

The next stage of upgrades, due for completion by late October, include construction of floodways, removal of flood debris, road rehabilitation and drainage structure erosion repairs.

Works will be carried out at various locations across our Shire.

For more information, including a full list of locations scheduled for upgrades, visit:

COUNCIL MEETING

The August Council Meeting will be held on Wednesday 27 August at 6pm.

The agenda will be available to view at:

The meeting will be held in-person at the Maryborough Town Hall and is open to the community to attend.

The meeting will also be live-streamed to our website.

SAFETY UPGRADES

Our Roads and Works team have completed safety upgrades at several corners along Napier, Burke and Hilton streets and on Alma Road.

The works are part of the TAC Safe Roads and Streets Program.

The next upgrade is a section of Kars Street between Clarendon and Alma, starting Monday 25 August.

Our team is expected to complete Kars Street within the week, while traffic is restricted to local access. Traffic controllers will assist with smooth flow along busy High Street.
