COMMUNITY GRANTS PROGRAM

Our 2020 Central Goldfields Shire Community Grants Program will be launched in November.

The grants are available to community organisations that are:

- based in the Central Goldfields Shire; and
- benefit the Central Goldfields Shire community.

This is a golden opportunity for community groups and clubs to re-boot their activities and start the new year with renewed energy.

The good news is that the total amount available to community groups has increased this year. This should allow many more groups to access funds to support their groups in the process of recovering from the COVID-19 pandemic.

A comprehensive set of guidelines will be available on Council's website in October and the application process will be open on the website between 2 November and 18 December.

For more information contact Council's Pandemic Recovery Community Development Officer James Rigby via email james.rigby@cgoldshire.vic.gov.au or 0428 927 338.

To keep up-to-date with opportunities to get involved visit www.centralgoldfields.vic.gov.au/haveyoursay follow Council on Facebook or see our full page Council News advertisement in *The Maryborough District Advertiser* every Friday.

COMMUNITY CULTURE AND DIVERSITY

Georgia MacGuire is a Wurundjeri woman who has been an active member in the Central Goldfields community since 2013 and is working with Council and Dja Dja Wurrung traditional owners to develop a Reconciliation Action Plan.

This will create more opportunities to develop and strengthen Council's capability to represent, advocate for and support local Dja Dja Wurrung and other Aboriginal and Torres Strait Islander peoples in the region.

Local knowledge is important to this process and Council is committed to working with local community. Council will be looking at more innovative ways to collaborate to provide greater access to services, employment, economic, and career development opportunities for all.

Georgia has been a practicing visual artist for 10 years and has previously worked in the community sector with children, young people and families for more than 20 years.

NAIDOC Week

Council is hoping to find a way to celebrate NAIDOC Week, which has been postponed this year to 8 – 15 November. Keep an eye out on Council's Facebook page the Goldfields Mob Facebook page for more information.

“My aim is to build a strong connected Goldfields community and I would really encourage local Aboriginal and Torres Strait Islander people to follow the Goldfields Mob Facebook page, as a way for our local mob to connect and keep up to date with what is happening in the area” – **Georgia MacGuire.**

A BETTER PLACE FOR ALL TO LIVE AND WORK

Montoya Turner's smile (pictured) warmed everyone's hearts when she took the first swing on the 'Liberty Swing' at Maryborough's Princes Park in 2018. Her smile embodies the changes Central Goldfields wants to see in our community for those living with disability:

- Reducing barriers for access to goods, services and facilities
- Reducing barriers to getting and keeping a job
- Promoting inclusion and community participation
- Tangible changes in attitudes and practices that discriminate

The Central Goldfields Shire Disability Action Plan is committed to delivering these four outcome areas under the Disability Act 2006, as well as asking about the impacts of the National Disability Insurance Scheme (NDIS) and COVID-19 virus.

A Steering Group including a person living with disability, a carer, disability service providers, as well as Council staff, will guide the development of the Plan.

Many thanks to the community members and disability agencies who have already contributed to Council's September survey. It's not too late to take part, although the Local Government Caretaker Period will restrict public consultation until October 24. For more information, please contact Council's Community Development Officer, Max Berry by emailing Maxwell.Berry@cgoldshire.vic.gov.au

ARE YOU FIRE AND FLOOD READY?

If you haven't already prepared your property for the upcoming season now is the time.

No matter where you live in Central Goldfields Shire – whether you're in a town or on a farm – your property is likely to be at high bush or grass fire risk. Central Goldfields also has flood prone communities, if you live in low-lying land a well prepared property could reduce the impact.

Now is the time to increase your understanding of the fire and flood risk where you live, prepare your property, and talk to your loved ones about what you'll do to stay safe from emergencies. For more information visit www.centralgoldfields.vic.gov.au/planningforanemergency and see the following link: In an Emergency what is your plan?

Residents should also prepare their properties by:

- Clearing undergrowth and fallen branches
- Moving firewood and other flammables away from the house
- Cleaning leaves from gutters
- Ensuring that grass is cut

For more information on how to get prepared for summer, go to www.emergency.vic.gov.au and download the **VicEmergency App** on your smartphone to stay informed.

Central Goldfields Shire Council is pleased to be a partner in a solar bulk-buy to help households and businesses save money by reducing their energy bills. The MASH Solar BulkBuy makes it easier for households and businesses to go solar with an option they can trust. Benefits include:

- High quality solar at good value prices

Food For Thought

Our Public Health and Environment team are about to commence distribution of a regular e-newsletter to food businesses in the Shire. The 'Food For Thought e-newsletter will feature information and the latest news from Council's Environmental Health Officer.

We'd love to hear your feedback on this Council publication. Did you read it, was it worthwhile, is this something you'd like to receive regularly?

Soon we'll be developing a *Central Goldfields Shire Council Communications and Engagement Strategy* as well as a *Community Engagement Policy* – a requirement of the new Local Government Act. We'll provide opportunities to provide feedback on this in the coming months.

In the meantime, if you'd like to share feedback on this publication you can email media@cgoldshire.vic.gov.au
